

Web3 Founder Associate

Internship | Working student | Study project
Munich

About Twinu

Twinu is a blockchain-backed data and automation platform for digital twins. By applying semantic web technologies, it acts as a bridge between web2 and web3. Twinu allows users to create, manage, and share their own digital twins of anything they value as NFT – from their favorite watch to their bike. For companies, Twinu revolutionizes the way they interact with their customers throughout the product lifecycle.

Your opportunity

You get the opportunity to digitize the world and democratize the way we use our own data. You will apply emerging tools & technologies in an agile setting, growing your expertise & skills to new levels. Be part of our experienced (ex-BCG/Amazon/BMW) and international (Europe/America/Asia) team.

Your responsibilities

- Work closely with the co-founders and help build and shape the product and company
- Conduct product demonstrations and user testing
- Implement and run community management initiatives
- Own and run topics – from analysis and research, to result preparation and presentation
- Develop own ideas to build and grow use cases and business

Your skills

At Twinu, we focus only on your future potential, not your past. We don't obsess about paper credentials, grades nor titles. We want to understand who you are, how you work and what you want. This is what we look forward to:

Web3 experience:

- Good understanding of the basics of web3 (e.g., NFTs) and its community needs (e.g., discord)
- Experience with and passion for web3 ecosystem (e.g., tokenization, DAO)
- Smart, open-minded and communicative personality (e.g., twitter)
- Fluent in business English (at Twinu we currently speak English, German, Spanish)

Personal team fit:

- Self-driven spirit, hands-on and getting-things-done mentality with amazing speed in accomplishing
- Ability to adapt quickly to changes in requirements and eagerness to challenge current processes
- Self-reflective character, open to receive and give honest feedback at any time from and to anyone
- Curiosity to learn and contribute rapidly, also outside of your specialty and comfort zone

Our offer to you

- High-performance team: result-focused work where agile teams strive and win together to create lasting impact
- Lean startup: no nonsense rules, no conformity, no hierarchies, no bullshit-bingo, no C-suite-titles
- Work smart, be flexible, stay healthy: newest tools, retreat & events, office garden & fitness
- Top-notch L&D: we believe in learning-by-doing and provide what you need to develop beyond
- Best-in-class compensation: to win and keep best-in-class people, we beat competitive offers

Curious?

We are looking forward to you! Introduce yourself or ask **any question** to Christian: christian@twinu.com | +491713612204

Join us as YOU are! Twinu is a progressive, open- and fact-minded community. We care about what you can do.
